

Nate Paul

Design Lead / UI/UX Specialist / Frontend Developer

Work Experience

Concordia Publishing House Saint Louis

Ecommerce Manager / May 2022 – Present

Lead an agile development team, managing the end-to-end performance, scalability, and optimization of an enterprise ecommerce website cph.org.

Define UX strategy and execution across multiple digital platforms ensuring seamless user experiences that drive conversions and engagement.

Partner with marketing, design and engineering to align roadmap priorities with measurable business outcomes and user impact.

Maintain platform stability and security by implementing continuous monitoring, performance improvements and best practices.

Manager, Digital Design / Aug 2015 – May 2022

Managed design team and workflows, balancing competing project demands and priorities.

Led end-to-end design for multiple web and app products, including research synthesis, journey mapping, IA, interaction design, and high-fidelity UI.

Collaborated with engineers and stakeholders to make strategic product decisions that balanced user needs, technical feasibility, and business value.

Facilitated design reviews to align stakeholders around user insights, design rationale, and product direction.

Lead Digital Designer / May 2013 – Aug 2015

Built and maintained design systems used across multiple teams, covering typography, color, inputs, navigation patterns, accessibility rules, and code-aligned components.

Developed scalable design patterns and component libraries that accelerated development and ensured cross-product consistency.

Introduced guidelines for responsive layouts, interaction timing, and content structure, improving clarity and reducing QA issues.

Web Designer / May 2012 – May 2013

Designed high-performing email templates, created book promotion materials, and collaborated with ecommerce and IT teams to modernize an aging web platform.

Nine Network (KETC) Saint Louis

Web Manager / October 2010 – May 2012

Designed and developed digital platforms like ninenet.org, consulted on nationwide PBS initiatives, and implemented online strategies to optimize web performance and audience engagement.

Multimedia Designer / March 2009 – October 2010

Intaglio Creative Saint Louis

Designer / February 2008 – January 2009

Kraft Design Saint Louis

President and Designer / June 2006 – present
